

USA Property Investments

American Foreclosure at a FRACTION of true cost

“The big money in property is found in unbalanced markets”

“Turn-key” investment requiring little input from the investor... full rental management included, no hassle, hands off property investment. There’s no better place to buy great value investment property at the moment than America.

Our US foreclosure properties offer returns of around 25% gross (12-16% NET) – they are low cost investment opportunities with tenants in situ and huge capital gains to be experienced over the next few years. We are the experts in selecting the right property. We only offer exceptional investments, like this excellent Detroit option in a stable residential area - sold fully renovated, with a tenant, included in price.

- Huge Plot size = 20,908 sq.ft (1/2 an acre)!
- Brick built / Hard wood flooring
- Living Room with natural fireplace
- Full Size basement and off road parking at front
- Double Garage
- **Rental return = 750 - 800 USD/month**

This is an ideal location for excellent rental income and price rebound. This is a nice middle-class area with good local schools, in a good area called Redford. It's close to all facilities such as schools, shops and the house is set in a fantastic wooded in a semi rural setting. The property is in very good condition generally and will only require some minor improvement (included in price).

The photos below are before renovation but generally the property is in very good condition and has nice large rooms with hardwood floors and there is a wrap-round terrace/veranda. This area offers a cottage feel, almost country style living, with the benefits of being close to a big city. The property is close to 2 golf clubs, The Glenhurst Golf course, and The Western Golf and Country Club.

Prices are springing up from the absurdly low levels as local investors buy up such property, there are even bidding wars on many repossessions. Prices are now sharply on the up. There is no previous sale history for this property in the last 5 years but the **current valuation is 127,000 USD**. The **NET return is just below 14%** which is an excellent return, not to mention the huge capital gains to be experienced as the market rebounds.
