**Atlanta is the fastest growing metropolitan centre in America** and is an ideal place to buy a property investment. Over 76,000 people were added each year to its population over the 10 years to 2008, bringing the population of the greater Atlanta area to nearly 6 million. Although the recession has made it difficult as many people sell up and move, they're still coming here! There are jobs as the city hosts 75% of the Fortune 1000 companies in the USA, with names like Coca Cola, CNN, Delta Airlines and a heavy duty financial sector. It has the 3<sup>rd</sup> largest Airport in America. Last but not least, the warm weather is attracting migrants from the cold North. Even in January, the temperature rarely falls below 11 degrees C. And in summer it really warms up!
